

Spring 2025 Artists work

Getting around our Tour

Enjoy a self-guided drive through the scenic countryside of West Carleton, only 35 minutes from downtown Ottawa.

Visit our artists in their Studios - an opportunity to learn about how & where they create.

Most Studios are also hosting guest artists.

You can use our map to follow the studio numbers in sequence, or pick the studios you want to visit by checking the website artist profiles.

We also suggest using Google Maps on your phone or tablet to help you on your way.

Red Trillium signs are posted along the route, at all major intersections & outside the studios.

Please drive safely.

Washrooms will be available at some of the tour stops & restaurants shown on the map.

"Studios are also open by appointment throughout the year. Contact any of our artists and they will be pleased to show you their latest work."
